Unfinished Business

Peche Island Rear Range Light ~ Sign Preparation

Chairperson White reported that she was advised, by an expert who works with epoxy, not to apply it as possible damage may occur to the signs. Because of this, Chairperson White had the plexiglas on the signs repositioned and affixed and they are now ready to hang. Due to the on-going restoration of the Peche Island Rear Range Light, the signs are to be stored until Spring, 2015.
