

## **PUBLIC NOTICE**

### **CITY OF MARINE CITY ORDINANCE UPDATE**

In April of 2017, the City Commission contracted with Wade Trim to assist with reviewing and updating our ordinances. There are some that are inconsistent with State law and others that have not been reviewed in over 30 years. As you can imagine, a lot has changed in the world since they were written!

Ordinances require a first and second reading at City Commission prior to approval. Zoning Ordinance revisions have an additional review by the Planning Commission prior to recommendations going to the City Commission. As a first step we are reviewing ordinances regarding residential parking, which includes disabled vehicles, winter street parking, recreation equipment, and driveways and front yard parking.

The ordinances will initially be at the Planning Commission's November 13, 2017 meeting for consideration, and may be found on our city's website, [www.cityofmarinecity.org](http://www.cityofmarinecity.org) on the Public Notices page prior to the meeting. They may also be viewed in the City Offices located at 303 S. Water Street, Marine City, MI, 48039, during normal business hours.

If you cannot attend the meeting, please provide any comments to the City Clerk prior to their meeting at 303 S. Water Street, Marine City, MI 48039.

Kristen Baxter  
City Clerk
