2019 brought a lot of changes for the City of Marine City! We are happy to announce that several new employees have joined the staff at City Hall and DPW, please join us in welcoming them!

Despite the wet weather this year, we were able to complete two local residential street repaving projects, one on Ward St from M29 to S. Belle River and the other on Market St. from Broadway to Westminster. The Infrastructure Sub-Committee will be meeting to provide a recommendation regarding one additional street repaving project that we anticipate being completed next year.

Another major announcement is the moving of the City Offices over to 260 South Parker. We are currently working with a design firm to help transform the building into a suitable space for City functions, including elections and all City Board meetings. We are hoping for a Spring 2020 move-in date. We will post updates throughout the process on our Official City of Marine City Facebook page.

I hope everyone has an opportunity to spend some time with friends, family, and neighbors over the holidays!

Have a Safe & Happy New Year,

Elaine Leven

In an effort to continue the drive in building a strong community, the City of Marine City has a newly-developed Community and Economic Development Board. The purpose of this Board is to provide the City Commission with projects, programs or policies that will help to improve infrastructure and services, stimulate growth and create economic opportunity. We encourage all residents and business owners to join us for our monthly meetings to share ideas and brainstorm with Community leaders to help build a better community. The City was awarded funding through a KaBOOM! Play Everywhere grant to install a musical parklet. The installation will feature interactive musical elements and highlight the Bridge to Bay Trail. Look for announcements on Facebook for updates and volunteer opportunities!

With winter already here, we’ll be working hard to keep the streets & City-owned sidewalks & parking lots clear of snow. We clear areas based on prioritization with the streets with high volume being cleared first, followed by local streets & then City-owned sidewalks & parking lots.

City ordinance requires all residents and business owners keep their sidewalks and drives clear of any snow, ice or filth and remember that plowing into the street is not allowed. We also ask that you use salt with discretion.

The official cemetery winter decoration removal date will be posted on the City Facebook page, website and electronic sign. The DPW will dispose of all decorations remaining in the cemetery the following day. Please look for an announcement in March for an official date.

2019 Winter Tax bills are due, without penalty, on February 18, 2020. All past due payments will be charged a 4% one time only penalty fee on February 19, 2020. All Deferment payments must be received by close of business on February 14, 2020. We respectfully request that you do not overpay on your tax bills.
